DESCRIPTION

The Sioen Ballistics RESTAC Tactical Vest is a highly modular and rugged tactical carrier solution, designed specifically for Finnish reservists.

Offering versatile protection and modularity, this tactical vest is designed for peak performance in demanding environments. With NIJ 0101.04 Level IIIA protection throughout the vest, the RESTAC tactical vest provides essential protection against modern battlefield threats, such as fragments and bullets.

For increased protection, hard plates can be inserted into the plate pouches located both on the front- and back of the vest.

NIJ Level III+ and IV plates are available separately.

Constructed from double-layered Foxdura 500 PU IRR fabric, and breathable mesh lining on the inside, this tactical vest is built for durability and comfort. The laser cut MOLLE system allows the user to easily attach pouches and gear on the on the vest.

Velcro® loop panels on the front and back provide a convenient place for unit insignia and other patches.

The cummerbunds are equipped with a MOLLE-system, quick-release tactical buckles, and secure Velcro® and elastic adjustments.

Cushioned, detachable shoulder pads also include MOLLE loops to streamline cable management and optimize comfort.

For additional protection, users can equip the vest with extra protectors, such as: groin protector, upper arm protectors, collar/neck protector, and hard plates. The add-ons are available separately.

Each component reflects European craftsmanship, with soft ballistic inserts manufactured in Finland, and textile parts produced in Europe.

Available in sizes M, L, and XL, the RESTAC Tactical Vest is ready to deliver optimal fit and top-tier protection for it's user.

- M: Waist: 96cm, Chest: 104cm
- L: Waist: 100cm, Chest: 108cm
- XL: Waist: 107cm, Chest: 115cm

A bespoke bag is supplied together with the vest.

This product is CE-approved.

Inquiries related to product features should be directed directly to the manufacturer at info@sioenballistics.fi.

The products are not displayed in our factory showroom, and they are only available through our online store.
