

SEA HORSE COASTAL

Conquer the coasts with the new Ursuit Sea Horse Coastal drysuit!

1 882,50 € VAT 25.5%

Estimated delivery time 4 weeks

Manufacturer Ursuit

DESCRIPTION

A top quality drysuit designed for coastal- and floattubefishing on rocky shores.

The drysuit is reinforced in a way that makes it withstand the challenging conditions of wading and other fishing use on rocky and sandy shores.

The ergonomomy of the drysuit is of its very own class and the comfort is superior.

Material: Two different Gore-Tex® fabrics to make the drysuit more comfortable to use. The upper part is made out of a lighter material for better mobility, the lower part is of thicker material for better endurance in rough conditions.

The dry zipper is situated from the right hip up to the left shoulder for better movement.

Integrated braces and the telescopic waist keep the trouser up and the upper part down. Persons of different height can use the same drysuit without weakening the ergonomic features.

Details: Extended reinforcements from the knee up to the crotch, fishingrod holder in the front, drypocket on the chest, D-ring in the back for the net, pocket for accesories on the chest.
